BRUCE BABBITT
GOVERNOR

S. DAVID CHILDERS
DIRECTOR OF INSURANCE

August 20, 1986

Honorable Bruce Babbitt
Governor of Arizona

Honorable Stan Turley
President, Arizona Senate

Honorable James J. Sossaman
Speaker, Arizona House of Representatives

Gentlemen:

As Director of Insurance for the State of Arizona, I am pleased to submit to you the Seventy-Third Annual Report of the Arizona Department of Insurance for the calendar year January 1, 1985 to December 31, 1985 as provided for in A.R.S. § 20-154.

The purpose of this report is to provide you with a summary of the annual statements received by this Department showing the general condition of the insurance business in Arizona as of December 31, 1985. For informational purposes, I have also included a brief discussion of the state of the property and casualty insurance marketplace, as well as a summary of significant insurance-related legislation passed during the recent legislative session.

Sincerely,

S. David Childers
Director

REPORT OF THE DIRECTOR

The Department of Insurance is organized into four separate divisions: the Hearing Division, the Corporate and Financial Affairs Division, the Consumer Affairs and Investigations Division, and the Rates and Regulation Division. The Hearing Division reports to the Director of Insurance, while the other divisions report to the Deputy Director of Insurance, who is also responsible for the administrative and actuarial functions of the Department. Additionally, the Deputy Director serves as liaison between the Department of Insurance and the two Arizona guaranty funds and is responsible for coordination and tracking of all receiverships, conservatorships and supervisions conducted by the Department.

The Hearing Division is headed by the Chief Hearing Officer and is responsible for conducting all hearings held by the Department of Insurance. The remaining three divisions are supervised by Assistant Directors of Insurance, each of whom is charged with overseeing his or her specific responsibilities as prescribed by Arizona insurance laws and as assigned by the Director of Insurance. In addition to the above, the Director is assisted in legislative activities and media relations matters by an Executive Assistant.

During the past year, the Department has taken an active role at the state and federal level in the private sector financing of long term care. The Director chaired the Governor's Private Sector Insurance Task Force on Long Term Care, and submitted a report and recommendations to the Governor in January, 1986. In addition, as Chairman of the National Association of Insurance Commissioners (NAIC) Medicare Supplement, Long Term and Other Limited Benefit Plans Task Force, the Director has been instrumental in encouraging the nation's insurers to develop and market viable insurance products to finance the long term care needs of the elderly and disabled. The Director also served on the Advisory Committee on Long Term Care at Stanford Research Institute.

Corporate and Financial Affairs Division

The Corporate and Financial Affairs Division is headed by Assistant Director Roy E. Gill, CFE. This Division is responsible for monitoring the solvency of domestic and foreign insurers. The Division has nine full-time employees and twenty-five field examiners who are independent contractors conducting financial examinations of domestic and foreign insurers. During 1985, 193 domestic examinations were conducted as well as pre-admission examinations for 127 new Arizona insurers. The

Division also screened and admitted 49 foreign insurance companies during the year. As of December 31, 1985, Arizona had 2,255 licensed insurers authorized to transact business in this State, including 772 domestic insurers.

The Corporate and Financial Affairs Division receives all annual and quarterly financial statements and has the responsibility for the collection of premium taxes and other related fees, amounting to $64,191,751 in 1985. Penalties and interest collected during 1985 amounted to an additional $184,213. Premium tax audits also resulted in the collection of $91,427. This Division receives other filings from the authorized companies and as part of the monitoring for financial solvency, reviews the NAIC Insurance Regulatory Information System (IRIS) reports on all insurers authorized in the State of Arizona.

During 1985, the Corporate and Financial Affairs Division licensed ten Health Care Services Organizations (HCSOs) bringing to fifteen the number of licensed HCSOs authorized to conduct business in Arizona. The Division also provided technical assistance to the Life and Disability and the Property and Casualty Insurance Guaranty Funds as necessary. Toward that end, Division personnel assisted in the computation, billing and collection of a $4,055,000 Property and Casualty Insurance Guaranty Fund assessment and $12,309,000 of Life and Health Insurance Guaranty Fund assessments during 1985. The Division has the responsibility for notifying other Divisions, as well as other regulatory bodies, regarding regulatory action affecting Arizona insurers.

Consumer Affairs and Investigations Division

The Department's Consumer Affairs and Investigations Division is headed by Assistant Director Robert L. Zielinski. The Division is responsible for implementing the Department's consumer assistance program and conducting investigations for administrative hearings or litigation regarding violations of Arizona's insurance laws.

During the past year, the Division processed 5,986 written complaints and handled over 86,000 telephone inquiries. The Division, acting as an ombudsman, was successful in assisting Arizona citizens in obtaining settlements from insurers in the amount of $7,314,359 during 1985.

The Division maintains offices in Phoenix and Tucson. To provide easier access to the Department's services for citizens outside Maricopa and Pima Counties, the Division also operates a toll free Consumer Hotline (1-800-352-5485). The Hotline received 2,105 telephone calls from outlying Arizona communities during the past year.

To promote greater public awareness of the Department's services, the Division produced a public service television commercial featuring consumer advocate David Horowitz. The commercial was widely distributed and was produced at no cost to Arizona taxpayers as a courtesy of the National Broadcasting Company in Burbank, California.

The Division assisted in the distribution and dissemination of the Department's consumer information materials to the public, including the automobile and homeowners premium comparisons and the personal lines complaint ratios, as well as other informational materials and brochures. As part of the Department's overall consumer assistance program, Division staff provided speakers to schools, senior citizens groups, and radio and television stations. The range of topics included insurance claims practices, auto and health insurance problems, and the role of the Department of Insurance.

The Consumer Affairs and Investigations Division oversees the administration of the Unfair Claims Settlement Practices Act, and the Department's regulations adopted pursuant to the Act. The Division issued 182 citations for unfair claims practices against insurers during 1985. Division employees conducted 151 investigations of agents, brokers, adjusters and bail bondsmen resulting in 40 cases being referred for administrative action and two federal grand jury indictments for misappropriation of Health and Welfare pension funds.

Rates and Regulation Division

This Division is headed by Assistant Director Paul Troeh. The Division is comprised of three sections: Licensing, Life and Disability, and Property and Casualty.

Licensing Section. The Licensing Section is supervised by Maureen Catalioto. This section is responsible for issuing insurance licenses to those applicants who qualify in accordance with Arizona insurance law and regulations. The Section licenses agents, brokers, adjusters, service representatives, and solicitors and maintains the records of all licensees. In addition, the Section also administers examinations for title agent, bail bond agent, and adjuster applicants.

During 1985, the Licensing Section issued 7,211 life and disability agent licenses and 2,393 property and casualty agent licenses for a total of 9,604 new licenses. A total of 12,043 renewal licenses were also issued by year end. The number of licensees in Arizona totaled 32,527, who in turn held a total of 42,650 active licenses.

Life and Disability Section. This Section is supervised by Mary Butterfield. The Life and Disability Section is responsible for reviewing advertisiing, policy forms, rates for individual health coverage and contracts issued by life and health insurers; health care service organizations; hospital, medical, dental and optometric service corporations; and prepaid dental plan organizations. During 1985, this Section reviewed and approved 13,618 form and rate filings including advertising materials. Two hundred forty filings were disapproved.

Monitoring consumer complaints against life and health insurance companies in order to determine the need for market conduct examinations is also a responsibility of the Life and Disability Section. The Section supervises the life and disability market conduct examination program which involves on-site review of claims and market activities. During 1985, ten market conduct examinations were completed. The findings of these examinations resulted in civil penalties totaling $33,000 imposed because of violations of the Unfair Claims Settlement Practices Act.

The Life and Disability Section continued to have a staff member serving as the Department's liaison with the Senior Citizens Health Insurance Advisory Committee. In addition, this Section worked in conjunction with the Arizona Life Underwriters Association and the Retired Senior Volunteer Program to provide educational programs to senior citizens regarding Medicare Supplement policies.

Property and Casualty Section. The Property and Casualty Section is supervised by Deloris Williamson. The Section is responsible for administering Arizona's property and casualty companies, licensing rating organizations, and monitoring the marketplace by conducting premium surveys and availability studies.

During 1985, this Section prepared three major publications -- the Automobile Premium Comparison, the Homeowners Premium Comparison, and the Personal Lines Complaint Ratio. All had a similar purpose, to assist the public in the purchase of insurance coverage and the selection of an insurance company:

- The Auto Premium Comparison itemized the premiums of 64 insurance companies writing over 90% of the private passenger automobile insurance in Arizona. Premiums ranging from $231.59 to $642 for the hypothetical risk quoted clearly demonstrated to consumers the advantages of comparison shopping for insurance.

- The Homeowners Premium Comparison listed the premiums of 44 companies writing over 90% of homeowners insurance in Arizona. The premiums in Phoenix ranged from $199 to $422 for the same hypothetical risk; and again, clearly demonstrated the advantages of comparing insurance companies.

- The Complaint Ratio brought to public attention those companies against which numerous complaints were received. This publication assists the Department in assessing individual company performance during the year, identifying problems which require regulatory action, and serving as a deterrent to "would be" offenders. The Complaint Ratio also permits the Department to utilize its work force in the most effective manner by targeting those insurance companies which should be considered candidates for market conduct examinations.

The Section also supervises the property and casualty market conduct examination program which involves on-site review of company rating, underwriting, claims, and marketing practices. As a result of examinations conducted in 1985, a total of $99,230 was refunded to Arizona policyholders whose insurance companies had failed to include taxes and fees in the settlement of first party automobile total loss claims.

During 1985, the Section reviewed and processed more than 9,700 form and rate filings and negotiated various Consent Orders which resulted in over $51,738 in premium refunds being made to policyholders for inaccuracies or overcharges.

Hearing Division

The Hearing Division, under the direction of Chief Hearing Officer Jeffrey P. Larson, continued to provide legal assistance to the divisions of the Department of Insurance and drafted insurance-related legislation and regulations. In 1985, twenty-nine agents had their licenses either suspended or revoked. There were an additional sixteen agents who were ordered to cease and desist from unlawful activity or who were fined. Three licenses were denied to applicants who were not qualified.

Last year there were fifty-six hearings on Arizona companies either withdrawing from the insurance business, being acquired by other persons, or merging with other insurers. Another nineteen orders were issued for such varied activities as reimbursements for insureds as the result of market conduct examinations, disapproval of policy forms and approval of rates. Twenty-four orders were issued suspending certificates of authority of insurance companies for deficiencies in assets.

The Director also considered changes in the Commercial General liability policy form changing the coverage from an occurrence basis to a claims made basis, among other changes.

The policy was in an acceptable form and approved in January, 1986.

The Department has also been aware of substantial fluctuations in the workers' compensation rates over the past few years. A hearing was held on the ability of the industry to more accurately forecast these ratios and the Department is satisfied that Arizona will see more consistency and stability in these rates.

Assistant Attorneys General

The Assistant Attorneys General assigned to the Insurance Department act as counsel to the Director of Insurance and the management of the Insurance Department. Their services include interpretation of the Insurance Code and supplying statutory construction analyses in the form of Attorney General Opinions, counsel memoranda and oral communication. The Assistant Attorneys General also represent the Property and Casualty Guaranty Fund and the Life and Disability Guaranty Fund. Additional services include defense of suits against the Director, appeals from the Director's administrative orders, and institutions of actions on behalf of the Director to enforce the provisions of the Insurance Code.

Other Assistant Attorneys General functions include drafting and review of notices of hearing, contracts and other legal documents for the Department, responding to correspondence from insurance companies and other state insurance departments, providing advice to members of the Department on various legal problems which arise in their division, and reviewing all rules proposed by the Insurance Department for legal sufficiency.

Attorney General Opinions

During the past year, the Attorney General issued three opinions which affected the Department of Insurance. In Opinion I85-021, dated February 8, 1985, the Attorney General issued an opinion that the Director would have no conflict of interest in serving on the governing committee of the Deferred Compensation Program unless he had some pecuniary or proprietery interest in the companies receiving deferred compensation funds. On June 3, 1985, the Attorney General issued Opinion I85-076, which concluded that the Director, acting as receiver for an insurance company in bankruptcy, does not have to pay state income tax on earned interest income or file a state corporate income tax return. A corporation is required to file a return only if it is subject to the taxes set forth in Title 43 of Arizona Revised Statutes. Insurance companies are exempt from corporate income tax and are not required to file a return. In Opinion I85-016, dated February 6, 1986, the Attorney General issued an opinion that insurance examiners are not subject to the provisions of the Employment Security Act.

RE: Sharing of Commissions

On September 26, 1984, I requested the opinion of the Arizona Attorney General as to whether or not Arizona law would prohibit a lease agreement between an insurance agent and a landlord not licensed to sell insurance in this State, where the agreement provided that the amount of rent was based upon the volume of business done. Attached is a copy of the November 28, 1984 opinion of the Attorney General holding that such agreements are prohibited by A.R.S. § 20-311 as an illegal sharing of commissions or other compensation earned as a result of a licensed transaction.

RE: Abandonment of Automobile Salvage

It has been brought to the attention of the Arizona Department of Insurance that some insurers are abandoning automobiles, on which they afford coverage, to the operators of towing services or salvage yards after the vehicles have been involved in a total loss and have been towed from the scene of the accident. The towing service or salvage yard is then left to its own resources to collect for the costs incurred where these same insurers do not provide assistance in obtaining a valid and marketable title to the salvage or pay for the towing services or storage. The costs incurred by the towing company often exceed the value of the vehicle. It is the Department's position that insurers should not abandon salvage to the operators of salvage yards or towing services nor use abandonment to mitigate either vehicle physical damage or liability losses.

An insured is normally required by the terms of his insurance policy to take whatever steps may be necessary to protect the property from further damage. Further, removing a vehicle from the highway after an accident is required under Arizona law and is in the interest of public safety. As a result of these contractual, legal and social obligations, the insured will typically incur towing and storing expenses. The responsibility to pay reasonable expenses incurred as a result of these obligations belongs to the insured and his insurer where so provided by the terms of the insurance contract.

Therefore, insurers doing business in Arizona are hereby advised by this Department to take whatever steps are reasonably necessary to prevent or minimize the losses that occur to the operators of towing services and salvage yards as a result of the above-described practice. These steps would include, but are not limited to, the payment of reasonable charges for towing or storage and the provision of assistance in obtaining a valid and marketable title.

During 1985 the Department will closely monitor the number of complaints received from the operators of towing services and salvage yards against insurers which have abandoned vehicles to them and take action against such insurers as appropriate.

RE: MID-TERM CANCELLATIONS

One of the primary objectives of state insurance regulation nationwide is to become more directly concerned with the manner in which business deals with the consumer. The Arizona Department of Insurance has long held to a similar objective as demonstrated by its ongoing emphasis on insurance companies providing responsible and fair treatment of the public and policyholders. We are concerned that some insurers may presently be forgetting these responsibilities.

Due to the cyclical nature of the insurance business, the insurance industry now finds itself in a stage of the cycle in which a great deal of activity is taking place -- not all of it positive. The purpose of this circular letter is to address one such activity -- mid-term cancellations.

Arizona has stringent cancellation laws relative to homeowners and personal auto insurance, but there are no similar restrictions relative to commercial accounts. While we understand the present difficulties facing the industry, we also recognize that many of these problems were self-inflicted as a result of pricing schemes, poor underwriting practices, and irresponsible management. We also recognize the rights of insurers to nonrenew and to cancel individual risks for due cause in accordance with policy conditions. However, we seriously question the propriety of wholesale mid-term cancellations of entire blocks of business by insurers attempting to provide a "quick fix" answer to these problems. Such a practice creates confusion and distrust, places agents in an unenviable position, and impacts negatively on consumers and the entire industry alike.

Inherent to the business of insurance are the assumptions that an insurer has a responsibility to act in good faith in its dealings with its policyholders and that it will fulfill its commitments. Therefore, notwithstanding the absence of a specific statute relating to mid-term cancellations of commercial policies, it is in our view reasonable that an insured would expect to get full coverage for full term for the full price paid. This assumption is founded in case and contract law, and is fundamental to fair trade practices. Insurance policies are both contracts of adhesion and aleatory contracts. The insurance company has had ample opportunity to select the policy language before the contract is offered to an applicant. The company controls the language and the terms of the agreement; the applicant merely accepts or rejects the policy. If he accepts, pays the premium, and abides by the provisions of the policy, he has fulfilled his obligation to the company in return for which he has a right to believe that the company will provide the indemnification or protection it has promised. Consequently, an insurer has violated a trust when it cancels mid term an entire book of business with seemingly blatant disregard for each policyholder's interest.

It is not the intent of this circular letter to criticize the entire insurance industry. It is our intent, however, to focus on those insurers which appear to be acting irresponsibly and to put them on notice that they will be held accountable for acting without due regard to their obligations to policyholders.

It is, therefore, this Department's position that mid-term cancellations, without a corresponding increase in hazard and without policy language setting forth the conditions upon which the policy may be cancelled mid term, are injurious to the public interest and in violation of the trust owed by the insurer to its policyholders. Therefore, this Department will take appropriate administrative action against any company which violates the aforementioned.

RE: Intentional Misquoting of Personal Lines Property and Casualty Rates

The Arizona Department of Insurance holds as one of its highest priorities the investigation of consumer complaints relating to unfair dealing practices between insurers, their agents and the insurance-buying public. As a direct result of a number of such complaints, the Department has recently conducted a limited study into the practice of some insurers of providing a prospective insurer with a premium quotation at the time of application much lower than the premium reflected in the billing that the insured received at policy issuance.

That study covered 21 cases reported to the Department of Insurance and was restricted to quotes for automobile coverage. In those 21 cases the original premium quotations totalled $10,327, but the ultimate billing to the insureds by the insurer or agency totalled $15,520--an increase of over 50%. The additional premium billed over that quoted averaged $247 per insured. In each case the error was alleged to have been inadvertent.

Upward revisions in rate quotations such as those described could result from errors on the part of the company or agent, errors on the part of the applicant, or false information intentionally supplied by the applicant or the insurer or its agent. It is the position of the Department that where such actions are intentional on the part of the insurer or its agent, a misrepresentation violative of A.R.S. § 20-443 has occurred.

Therefore, the Rates and Regulation Division and the Consumer Affairs and Investigations Division have been advised to closely monitor and investigate allegations of intentional upward premium quotation adjustments and to vigorously pursue appropriate administrative action against those individuals committing such practices.

THE COMMERCIAL LIABILITY CRISIS OF 1985

Fiscal Year 1986 produced the first full fiscal year under what has come to be known as "the availability and affordability crisis" regarding liabiliy insurance. During fiscal year 1986, the nature and the extent of the crisis became clearly defined. In Arizona, the Commission on Property and Casualty Insurance was appointed by Director S. David Childers in the summer of 1985. The Charge of this commission was to study the current problems associated with the costs and availability of commercial property and casualty insurance. The Commission was instructed to provide recommendations to the Director of Insurance as to possible remedial measures.

Simply stated, the crisis is a market fluctuation -- no more and no less. The rhetoric, smoke, and actual fireworks regarding blame for the market fluctuation has cast much heat but little light on the problem. As the Commission and the management of the Department of Insurance became familiar with the parameters of the pricing and availability situation, various regulatory and legislative actions took place. Within regulatory jurisdiction, such review and approval authority as exists in statute was utilized to the maximum permissible extent. As insurance companies responded to the crisis by filing new rates and filing policy forms which are substantially different from past forms used for similar coverages, the Department of Insurance set new guidelines by which to screen the hundreds of filings. Requests for rate increases over reasonable levels were subjected to intensive scrutiny by Department rate analysts. In many cases, insurers requesting these rate hikes presented actuarial justification which substantiated their positions and resulted in Departmental approval of the increases. Many companies merely let filings remain dormant and did not press their case. However, this system brought into focus the dichotomy of rate regulation; that is, rates must be adequate to assure that the companies remain solvent and are able to pay claims when indemnity is due a policyholder. Therefore, a company submitting a rate which its own figures show is below the rate its loss experience would suggest as adequate, must be regulated by requiring that the rate be increased. This essential fact of regulation merely confirms the market fluctuation at the heart of the problem.

The Commission on Property and Casualty Insurance noted that "all testimony pointed to the fact that serious problems exist both in terms of availability and cost of insurance protection." Central to that statement is the number of key but closely interrelated factors which the Department and the Commission have determined to have caused "the crisis."

First, insurers reduced the price of insurance in competitive moves to obtain premium dollars which they could invest at the high interest rates being paid in the early 1980s. By 1984, interest rates had declined measurably and the vigorous competition among insurers still produced underpricing in the commercial liability insurance market. The result of this underpricing was largely offset by high insurance company investment income during the period; but the price competition failed to produce sufficient premium dollars to pay losses. The phenonmenon is described as "cash flow underwriting." According to many insurers, financial disaster resulted. 1984's net operating loss, after investment income, was the largest in the history of the business of insurance. Rising premiums inevitably resulted, and a steep upward pricing spiral occurred.

Second, reinsurance, which is essentially unregulated, more rapidly reflected the market situation. Reinsurance results, however, were more disastrous. Reinsurers drastically raised their rates and refused to reinsure risks they considered "high", which caused direct writers to refuse to write those risks, or to reduce limits and increase deductibles many-fold.

Lastly, there has been brought into serious question the ability of underwriters to predict with a competent degree of accuracy the losses that will eventually be required to be paid on the risks insured. Many sources blame the civil justice system, or more accurately the changes within that system regarding high recoveries for (primarily) personal injury damages, as contributing to this liability. The civil justice system has been targeted by various narrow and broad-based groups as being ready for reform through legislative action against perceived causes of sky-high awards.

The fifteen recommendations of the Commission speak for themselves. The actions of the 1986 Legislature give the Department enhanced authority to more closely regulate insurers in areas where that authority was non-existent or less than complete. In brief, the statutory tools, as recommended by the Department and enacted by the legislature, include restricting midterm cancellations, formalizing a market assistance program, establishing joint underwriting pools to require insurance companies to come together and share risks that are otherwise unable to procure insurance, and other housekeeping and technical adjustments of the regulatory process.

The role of "tort reform" in the reduction of liability insurance rates is probably an enigma that will never be satisfactorily determined. The Department remains unconvinced that tort reform would play a direct role in resolving the market fluctuation. However, the role it plays and will continue to play in the perceptions of underwriters is real but not quantifiable.

Efforts to prevent the wide swing in the cycle of the business of insurance are underway through industry associations, the National Association of Insurance Commissioners, and within the U. S. Congress. Various sides argue that either more regulation or less regulation, is the answer, and special interest groups are lined up in favor of changes in the civil justice system as well as groups vigorously opposing such changes. Against market forces, these other forces are not overwhelming. The encouragement of a good regulatory climate, common sense, and the ability to curb abuses will continue to allow the Department to achieve the maximum impact in difficult and socially critical segments of the problem.

CIRCULAR LETTER NO. 86-1

DATE: JUNE 27, 1986

TO: ALL INSURANCE TRADE ASSOCIATIONS, INSURANCE MEDIA PUBLICATIONS AND INTERESTED PERSONS

FROM: S. DAVID CHILDERS

RE: 1986 ARIZONA INSURANCE LEGISLATION

The 1986 Thirty-Eighth Session of the Arizona Legislature has recently concluded. A number of insurance-related bills were enacted during this session, several of which addressed the problems currently being experienced in the property and casualty insurance arena. We are optimistic that portions of these bills will not only mitigate the immediate problems, but will reduce the chances of these problems reoccurring.

As has been our practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. This summary is not intended to be an exhaustive listing or analysis of the insurance bills that became law; rather the intent here is to describe the main areas where substantive changes in insurance regulatory requirements have taken place. This synopsis should not be considered to be a binding interpretation of the legislation. Indeed, I encourage all interested persons to obtain copies of signed bills by contacting the Arizona Secretary of State's Office at (602) 255-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted):

HB 2375 - INSURANCE ACT (CHAPTER 391)

1. Self-Insurance for Officers, Directors, Employees and Agents. Permits both for-profit and non-profit corporations to self-insure against claims brought against officers,

directors, employees and agents. Corporations may not, however, self-insure these individuals against actions based on personal profit to which they were not legally entitled; actions based on payments to the individual without prior shareholder approval; or actions for an accounting of profits made from the purchase or sale of securities. Effective May 21, 1986.

2. Public Agency Pooling. Allows two or more governmental agencies to enter into agreements to jointly purchase insurance or to self-insure for property, liability or workers' compensation coverages. Each pool is to be operated by a board of trustees consisting of at least five elected officials or employees of Arizona public entities. The board shall establish terms and conditions of coverage, safeguard assets of the pools, and establish a system for loss control, termination of membership and maintenance of claims reserves. The pool must be audited annually and if it is found that assets are insufficient to discharge liabilities, the Director of Insurance will make recommendations to the board to correct the deficiencies. If the insufficiencies are not corrected within 60 days, the Director will notify the members of the pool, the Governor, and Legislative leadership that the pool has failed to comply with the Director's recommendations. If the pool is found to be insolvent, each member shall be assessed on a pro rata basis an amount necessary to satisfy the deficiency. Effective May 21, 1986.

3. School District Authorization to Self-Insure. Authorizes school districts to self-insure and to pool risks. A district or a pool may set annual limits for which they must obtain excess liability coverage. Additionally, the bill sets limits on the maximum amount of risk per occurrence that pools and districts may retain. Effective May 21, 1986.

4. Payment of Premiums. Premium payments which are properly addressed, postage prepaid and deposited in a U.S. mail box on or before the date the premium is due are deemed to be timely payments. Effective July 15, 1986.

5. Financial Disclosure. Requires the Director to promulgate regulations to require property and casualty insurers to report certain income, loss and expense information relating to classes of risks that he may designate. Effective May 21, 1986.

6. Timely Payment of Claims. Requires insurers to pay the legal rate of interest (currently 10%) on any claim not paid to the insured or a beneficiary named in the contract within 30 days after the receipt of an acceptable proof of loss. Effective July 15, 1986.

7. Cancellation of Motor Vehicle Insurance. Excludes automobile insurers placed in rehabilitation or receivership from the non-cancellation provisions of A.R.S. § 20-1631. Effective May 21, 1986.

8. Refunds on Cancelled Motor Vehicle Insurance. Requires motor vehicle insurers to refund unearned premiums (except those which have been financed) to the insured at the time the insured is notified of cancellation or nonrenewal. Effective July 15, 1986.

9. Objections to Cancellation of Auto Insurance. Removes the requirement of a $10 deposit before an individual can object to the Director of Insurance about the cancellation or nonrenewal of auto insurance. Effective May 21, 1986.

10. Cancellation and Nonrenewal of Commercial Policies. Provides that certain policies issued in this state insuring commercial and industrial risks can, after being in effect for 60 days, be cancelled prior to the end of the policy period only for the following reasons: (1) nonpayment of premium; (2) conviction of the insured of a crime which would increase the hazard insured against; (3) fraud or misrepresentation by the insured in obtaining or continuing the policy or in presenting a claim; (4) a substantial change in the risk assumed; (5) a substantial breach of contractual duties or conditions; (6) loss of reinsurance; or (7) insolvency of the insurer. If the insurer cancels for the above reasons, it must give the insured 60 days prior notice except that insureds cancelled for nonpayment need only be given 10 days prior notice. The notice of cancellation must be accompanied by a refund of unearned premium. Additionally, insureds whose policies are nonrenewed must be given 60 days prior notice. This law also requires insurers to give policyholders 60 days notice of premium increases, changes in deductibles or reductions in limits of coverage. Effective immediately as to policies issued after May 21, 1986.

11. Joint Underwriting Association. Establishes a temporary joint underwriting association consisting of all insurers writing liability insurance in this state. The association will provide coverage upon a finding by the Director after a public hearing that insurance is substantially unavailable for a designated class or classes and that a voluntary market assistance plan would fail to provide the necessary coverage. The association may issue policies in the amount of $100,000/$300,000; $250,000/$750,000; $500,000/ $1,500,000; or $1,000,000/$3,000,000. Effective May 21, 1986.

The association will be governed by an eleven-member board of directors which will submit a plan of operation to the

Director. Policies issued by the association must be on a claims-made basis. All policies written by the association will contain a provision that guarantees that the association, upon demand by the insured, will issue an occurrence rider.

Rates are set by the association and approved by the Director. Rates are to be actuarially sound and must be calculated to be self-supporting. All policies issued by the association are subject to a group retrospective rating plan. Insureds may be assessed for deficiencies up to 10 per cent of premium.

All members of the association must participate in the expenses, fees and losses in proportion to their net direct premium. Any member assessed for deficits of the association is allowed a premium tax credit of 20% per year for five years.

12. Risk Management; Purchase of Insurance. Authorizes the state's Risk Management Division to obtain property, liability or workers' compensation insurance or to self-insure or develop risk retention pools to provide for claims against political sub-divisions and contractors of the state which occur while the contractor is acting in the scope of his employment. Effective May 21, 1986.

13. Revolving Fund for Joint Insurance Purchase Retention Pools. Establishes a permanent special risk revolving fund within the state's Department of Administration for the purpose of administering joint insurance, self-insurance or pooled retention plans for political subdivisions and contractors of this state. Unless otherwise provided, the state shall not appropriate any monies from the general fund to this pool. If the fund is projected to be exhausted, a special assessment of all members may be made. Effective May 21, 1986

14. Study Commission on Insurance. Establishes a study commission consisting of 18 members to study possible reforms including ceilings on damages, limits on punitive damages, modifications of the statute of limitations, sliding scales on attorney fees, mandatory offset of collateral source benefits and other possible tort reforms. The commission's report is required to be submitted to the Governor and Legislature on or before December 31, 1987. Effective May 21, 1986.

HB 2079 - LICENSE RENEWALS (CHAPTER 306)

The purpose of this bill is to conform certain licenses to the general scheme of renewals, which is typically to renew licenses in birth month or month of initial application.

Licenses for managing general agents, insurance policy vending machines and title agents will renew every 2 years in the month that the license was initially issued. Service representatives' licenses will renew biennally in even-numbered years in the birth month of the licensee. There are special rules specifying the chronological effective date of this law to permit continuous licensing.

This law also eliminates the provisions of A.R.S. § 20-307 providing for the temporary licensing of life and disability agents who are engaged in a course of study and instruction. This amendment does not affect the other six categories of temporary agents' licenses which may be granted under certain circumstances, such as the death or disability of an agent.

Finally, one important section of this law makes it clear that the Department may still take disciplinary action against an agent for violations of the Insurance Code even though the license would otherwise have expired during pendancy of the Department's investigation. This law is effective August 13, 1986.

HB 2081 - FEES (CHAPTER 307)

The general fee statute in the Insurance Code, found at A.R.S. § 20-167, permits the Director to adjust fees annually under certain circumstances. Several statutes require the payment of fees for other licenses not specifically itemized in § 20-167 which are not adjustable as prescribed by that statute.

The change effected by this bill will bring those omitted licenses, which include administrators, prepaid dental plans, service companies, mechanical reimbursement reinsurers, life care contract providers, and premium finance companies within the scope of § 20-167. This law is effective August 13, 1986.

HB 2082 - HEALTH CARE SERVICES ORGANIZATIONS (CHAPTER 121)

This law has several important effects on health care services organizations (HCSOs) which are licensed by the Department of Insurance. These revisions are intended to improve security to subscribers.

All HCSOs in Arizona are currently corporations. This law will mandate that all future HCSOs be incorporated as well.

The minimum capital or surplus which an HCSO must maintain is increased to $500,000. Currently licensed HCSOs will be required to increase their capital or surplus by at least $50,000 each year so that by 1992, all will have the minimum of $500,000.

The deposit provision of A.R.S. § 20-1055 is amended to require that the company maintain cash or other eligible securities in an amount equal to unimpaired capital or surplus and that other security provided be approved by the Director. Additionally, A.R.S. § 20-1061 is expanded to provide that all the unfair trade practices prohibited by the Insurance Code, including unfair claims settlement practices, will now apply to HCSOs.

Finally, acquisitions and mergers of HCSOs will require the filing of the same information as for the acquisition and merger of an insurance company and will require the prior approval of the Director. Effective August 13, 1986

SB 1310 - OUT OF STATE POLICIES (CHAPTER 400)

Arizona law currently does not govern accident and health policies issued in another state, even though Arizona residents may be insured under those policies through certificates of insurance. As a consequence, such policies and coverages have not been required to contain the same coverages as policies issued in the state.

This law requires that certificates of insurance or other evidence of coverage of group accident and health policies must contain coverages required of policies issued in this state if: 1) the policy is issued to a trust in a state other than Arizona; and 2) the trust is established by two or more Arizona employers. Some of these coverages include insurance for newborns, outpatient diagnostic services, home health care, complications of pregnancy and breast reconstruction following a mastectomy, to name a few. Effective August 13, 1986.

HB 2473 - ADOPTED CHILD COVERAGE (CHAPTER 352)

This bill requires hospital medical service corporations, benefit insurers, health care services organizations and insurers to extend to the natural mother maternity coverage provided by the policy of an adoptive parent. Such coverage is excess to the natural mother's existing coverage, if any, and is effective if the child is adopted within one year of birth, the insured is legally obligated to pay the costs of birth, the insured has met all pre-existing conditions and limitations, and the insurer has been notified within 60 days of the adoptive parents' certification. Effective August 13, 1986.

HB 2260 - DATA PROCESSING EQUIPMENT (CHAPTER 358)

A.R.S. § 20-560 previously permitted an insurer to invest in electronic or data processing equipment with a seven year amortization and a limit of 5% of its admitted assets. As of its effective date, this amendment increases the limit to 10% of admitted assets. Effective August 13, 1986.

HB 2289 - BORROWED SURPLUS (CHAPTER 416)

The current law, A.R.S. § 20-725, permits domestic insurers to borrow money, which will not be carried as a liability on the books of the company if it is repaid only out of excess surplus. This amendment to A.R.S. § 20-725 will allow the insurer to borrow other eligible assets as well as money. Effective August 13, 1986.

HB 2157 - UNDERINSURED MOTORISTS (CHAPTER 184)

Every automobile liability policy issued in Arizona must offer underinsured motorist coverage. If the negligent driver does not have enough liability coverage to pay for the personal injuries, then the injured person may generally claim the additional amount for injuries under his or her underinsurance coverage.

Most automobile insurance policies contain a provision that the insured will not take any action to prejudice the company's right of subrogation. If an insured takes such action, then his or her coverage may be voided. However, in order for an injured party to obtain a settlement with the negligent driver, he or she must waive the right to sue, which waiver affects the insurance company's right of subrogation and, therefore, voids the underinsurance coverage.

To assist the insured under these circumstances, the new law removes an insurance company's right of subrogation on underinsurance motorists' claims. It will thereby permit an injured party to settle with the negligent party and still retain a right to the underinsurance damages.

HB 2418 - JOINT UNDERWRITING PLANS; MIDWIVES (CHAPTER 367)

This bill authorizes the Director of the Department of Insurance to establish a mandatory Joint Underwriting Plan for the purpose of insuring licensed and certified nurse-midwives. Prerequisite to establishing the plan, the Director must conduct a hearing and find 1) a substantial lack of availability and 2) a voluntary market assistance program would be unsuccessful. The legislation establishes a mechanism for spreading administrative costs and losses incurred by the plan among all casualty carriers writing business in Arizona. These carriers may subsequently deduct from their premium tax, over a five-year period, amounts assessed to pay for the plan. This law is effective May 13, 1986, and the plan is terminated effective June 30, 1988.

HB 2143 - MOTOR VEHICLE FINANCIAL RESPONSIBILITY (CHAPTER 128)

This law prescribes penalties for failing to meet the financial responsibility laws and enforcement of those laws. Of particular interest to auto insurers and agents is the requirement that an insurer or agent issue motor vehicle insurance identification cards. Each card must indicate the name of the insured, that the insured has insurance to cover his financial responsibility, the name of the insurance company and a contact person to verify coverage. Effective August 13, 1986.

This was a productive year that saw the enactment of significant insurance legislation designed to improve the regulation of this important business in Arizona. In recognition of this fact, I would like to acknowledge the help and interest of the Senate Insurance, Retirement and Aging Committee and the House Banking and Insurance Committee and their staff, in obtaining passage of this legislation. Both Senator Tony West and Representative Jim Meredith, Chairmen of the respective Senate and House committees, assisted in overseeing the passage of several of these key measures.

1985 ARIZONA PROPERTY AND CASUALTY BUSINESS

The following reports show the 1985 results of the top ten companies/groups writing in each line of business reported. Only the major property and casualty lines of business are included.

The premium and loss information is given by company/group, so it includes the combined results of all companies within a group. The information as to premiums written, earned, and losses paid and incurred was obtained from page 14 of the filed annual statements.

The bottom section of each page shows the combined gain (or loss) in Arizona of the top ten companies/groups. The annual statement insurance expense exhibits were used to obtain the various group percentages for expenses, investment income allocation, and dividends.

The totals for all companies/groups were obtained from A.M. Best Co., Inc., "Executive Data Services" reports.

Life Reserve Transfers	1,400,000
Administrative Expenses	298,850
TOTAL CASH DISBURSEMENTS	$6,760,566
EXCESS OF CASH RECEIPTS OVER DISBURSEMENTS:	$2,938,927
FUND BALANCE, BEGINNING	$1,665,569
FUND BALANCE, ENDING	$4,604,496

For a more detailed accounting, please see the Financial Report of December 31, 1985, prepared by Robert E. Rhue and Company, CPA's, enclosed.

2. Old Security Life Insurance Company (OSL).

No activity was recorded by the Fund with regard to OSL during calendar year 1985. For all intents and purposes, this impairment had been wound up as evidenced by the report on the history and causes of the impairment of OSC, pursuant to A.R.S. Section 20-689.6, that was filed with you in 1984.

3. Iowa State Travelers Mutual Assurance Company (ISTMAC):

The Guaranty Fund Act was invoked in early 1983 regarding ISTMAC. The following is a claims summary on ISTMAC from inception and more specifically for the year 1985:

	Through 12/31/84		12/31/85		Total from Inception	
	No. of Claims	Amount	No. of Claims	Amount	No. of Claims	Amount
Closed Claims Paid:						
Life	47	$ 22,191	-0-	-0-	47	$ 22,191
Disability	671	289,415	5	3,245	676	292,660
TOTAL	718	311,606	5	3,245	723	314,851
Claims Closed without Payment:	358	-0-	24	-0-	382	-0-
Open Claims	29	8,500	-0-	-0-	-0-	-0-
TOTAL ALL CLAIMS:	1105	$320,106	29	$3,245	1105	$318,096

To date, no recoveries have been received from ISTMAC's Receiver, although some recovery is expected in calendar year 1986.

4. National Investors Life Insurance Company (NILIC) University Life Insurance Copany (ULIC).

As a result of these two insurers being placed into Voluntary Rehabilitation in July, 1983, the Guaranty Fund Act was invoked in November, 1983, and a Class "C" Assessment was made for annuities only. The Fund began receiving the proceeds of this Assessment in January 1984, and also commenced making the first benefit payments as of January 18, 1984, after guidelines and Benefit Payment Request Forms had been approved by the Board of Directors. The following is a summary of benefit payments made by the Fund to NILIC contract holders for calendar year 1985.

(NOTE: No Benefit payments have been made to ULIC contract holders).

	1984 Activity	
	Number of Payments	Amount Paid
Periodic Payments, Retirement	1,425	$337,855
Lump Sum, Retirement	31	40,856
Periodic Payments, Hardship	10	7,019
Lump Sum, Hardship	37	74,149
TOTALS	1,503	$459,879

	1985 Activity	
Periodic Payments, Retirement	8	$ 1,750
Lump Sum, Retirement	-0-	-0-
Periodic Payments, Hardship	-0-	-0-
Lump Sum, Hardship	1	5,800
TOTALS	9	$ 7,500

	Activity from Inception	
Periodic Payments, Retirement	1,433	$339,605
Lump Sum, Retirement	31	40,856
Periodic Payments, Hardship	10	7,019
Lump Sum, Hardship	38	79,949
TOTALS FROM INCEPTION	1,512	$467,429

RECOVERIES FROM RECEIVER		
	1984	$351,554
	1985	83,576
	TOTAL	$435,130

5. Fidelity American Life Assurance Company (FIDAM).

FIDAM was placed in Receivership on January 24, 1985, by Order of a Maricopa County, Arizona, Superior Court. You notified the Fund of this impairment by memorandum dated January 29, 1985. The Board of Directors of the Fund then met on January 31, 1985, for the purpose of determining the Fund's obligations with respect to FIDAM and how those obligations would be carried out under the Fund's Plan of Operation. As a result of this meeting, the Fund commenced making benefit payments to policyholders of FIDAM on February 9, 1985. The Fund continued to make these benefit payments throughout 1985 and into 1986. A summary of 1985 FIDAM benefit payments follows:

	Number of Payments	Amount
Disability Account	1,150	$790,381
Life Account	3	13,326
Annuity Account	-0-	-0-
	1,153	$803,707
RECOVERY FROM RECEIVER		$403,309

6. Pioneer Annuity Life Insurance Company (PALIC).

In accordance with the notice you gave to the Fund, dated May 8, 1986, informing the Board of Directors of the impairment of PALIC and that PALIC had been placed in Receivership, the Board of Directors of this Fund met on May 21, 1985, to determine its obligations in the PALIC matter. At this meeting, the Board determined its obligations and how they would be carried out under the Fund's Plan of Operation. The Fund began making benefit payments to PALIC policholders on May 28, 1985, as a result of the May 21st meeting. PALIC 1985 Benefit payments are summarized as follows:

	Number of Payments	Amount
Disability Account	7,089	$2,188,504
Life Account	19	233,682
Annuity Account	331	1,825,028
	7,439	$4,247,214

LIFE RESERVE TRANSFER - (Reinsurance Agreement American Standard Life and Accident Insurance Company)	1,400,000
	$5,820,748
RECOVERIES FROM RECEIVER	$ 685,000

7. Assessments:

The Fund made two assessments during calendar year 1985 as follows:

1. Assessment noticed September 12, 1985, for PALIC AND FIDAM.

Original adjusted amount of Assessment	$8,313,643
Less Non-collectibles:	
A. National Investors Life Insurance Company in Receivership	(13,538)
B. University Life Insurance Company in Receivership	(268)
NET AMOUNT OF ASSESSMENT	$8,299,837

2. Assessment noticed December 21, 1985 supplemental for PALIC ($110,945 collected in 1985, the remainder collected in 1986).

Original amount of Assessment	$3,996,031
Adjustment in National Foundation Life Insurance Company Assessment	(3,411)
Less Non-collectibles:	
A. National Investors Life Insurance Company in Receivership	(6,296)
B. United Savings Life Insurance Company in Receivership	(2,625)
C. University Life Insurance Company in Receivership	(144)
NET AMOUNT OF ASSESSMENT	$3,983,555
TOTAL NET AMOUNT OF ASSESSMENTS FOR CALENDAR YEAR 1985	$12,283,392

SUPPLEMENTAL INFORMATION:

National Investors Life Insurance Company (Baldwin United)

As you are aware, there is an Enhancement Plan currently being fashioned for the benefit of Baldwin contract holders. Phase I of that Plan, at last word, has been completed and Phase II is in process. This Fund, along with Funds of several other states, have joined the Enhancement Plan. Should the parties involved agree to the Plan and it receives court approval, the Fund could be required to provide the difference between minimum contract rates and Receivership performance, as follows:

ESTIMATED AFFILIATES ASSETS INCLUDED	WITHOUT ESTIMATED AFFILIATES ASSETS
$390,000	$1,620,000

These numbers are based upon the last information received by the Fund on this subject. Should the Enhancement Plan not be approved and implemented, the Fund could be exposed to a substantial liability in 1987 or earlier.

Respectfully submitted,

John H. Van Houten, CLU
Chairman of the Board

To the Board
Arizona Property and Casualty Insurance Guaranty Fund
Phoenix, AZ

We have examined the statement of assets, liabilities, and fund balance of Arizona Property and Casualty Insurance Guaranty Fund as of December 31, 1985 and the related statement of cash receipts, cash disbursements, and changes in fund balance for the year then ended arising from cash transactions. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 2 of notes to financial statements the Fund's policy is to prepare its financial statements on the basis of cash receipts and disbursements. Consequently, revenue and the related assets are recognized when received rather than when earned, and expenses and related liabilities are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements do not and are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the accompanying financial statements referred to above present fairly the assets, liabilities, and fund balance of Arizona Property and Casualty Insurance Guaranty Fund as of December 31, 1985 and the cash received and cash disbursed and changes in fund balance for the year then ended on the accounting basis described above applied in a manner consistent with that of the preceding year.

ARIZONA PROPERTY AND CASUALTY INSURANCE GUARANTY FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1985

1. ORGANIZATION:

The Arizona Property and Casualty Insurance Guaranty Fund (the Fund) was established by legislative action to settle policyholder claims against insolvent property and casualty insurers and is organized in accordance with Title 20, Chapter 3, Article 6, Arizona Revised Statutes, as amended. For purposes of assessment, the Fund is divided into an administrative account, an automobile insurance account and an account for all other types of insurance relative to the above stated statute. Costs, expenses and liabilities of the Fund are not general obligations of the State of Arizona.

The Fund is under the general direction of the Guaranty Fund Board (the Board) which consists of eleven members representing various insurance organizations and a member of the general public. The purpose of the Board, which is subject to the powers of the Director of Arizona State Department of Insurance, is to administer, operate, and manage the Fund.

The Board is empowered to retain a managing secretary and a claims servicing facility. The duties of the managing secretary are to oversee the administrative functions such as accounting, recordkeeping, scheduling, and other necessary functions. The duties of the claims servicing facility are to administer and process covered claims. The Board retained L. Jean Dempsey, Inc. as managing secretary and GAB Business Services, Inc. as the claims processing facility for 1985. Contracts with both of these organizations expire on March 31, 1986.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting-

The financial statements are presented on the cash basis of accounting which vary from generally accepted accounting principles. Under this method of accounting, revenues and the related assets are recognized when received rather than when earned, and expenses and liabilities are recognized when paid rather than when the obligation is incurred.

Interest Income-

Pursuant to the statutes referred to in Note 1, interest income earned on investments is credited to the account from which the funds were obtained.

Early Access Receipts-

Early access receipts represent distributions of funds from bankrupt insurers which become available after reservation of amounts for administrative expenses, claims of secured creditors, and other priority claims. These receipts differ from receivership distributions since they are subject to reimbursement in the event that subsequent additional priority claims arise.

Investments-

Investments are stated at cost and consist of a single, Valley National Bank, seven day, certificate of deposit yielding 7.7% annually which matured on January 7, 1986. Investments are restricted to those which are permitted by insurers for statutory deposits pursuant to ARS 20-583.

3. ASSESSMENTS:

The Board is empowered to assess member insurers amounts that are sufficient to pay the obligations and expenses of the Fund. The assessment to each member insurer is made in proportion of net direct written premiums in the State of Arizona of that insurer to the net direct written premiums of all member insurers in the State of Arizona for each account. The assessment is limited to one percent of a member insurer's net direct written premiums.

On December 16, 1985, the Fund assessed member insurers the following amounts (payments were not received until January, 1986);

Automobile Insurance Account	$ 2,004,182
Other Insurance Account	2,050,930
Gross Assessments	4,055,112
Less - Uncollectible Assessments Allowance	(43,346)
Net Assessments	$ 4,011,766

4. CLAIMS SETTLEMENT:

Claim settlements consist of payments to the claims servicing facility for policyholder's covered claims including unearned premiums, claims existing before the insolvency, and claims arising within thirty days of the insolvency providing the policy is not replaced or expired. All claims are limited by statute to the lower of the face amount of the policy or $99,900.

At December 31,1985 the estimated outstanding claims, as calculated by the Fund's service bureau were as follows;

Automobile	$ 995,068
Other	2,158,941
Total	$3,154,009

5. ADMINISTRATIVE EXPENSES:

A summary of administrative expenses is presented as follows;

PURPOSE	AMOUNT
Accounting	$ 5,690
Managing secretary	39,950
Legal	3,199
Miscellaneous	264
Office supplies	14
Postage	244
Publications	857
Telephone	438
Total administrative expenses	$50,656

6. CONTINGENCIES:

The Fund is involved in a normal number of lawsuits incidental to its function. The outcome of such suits in the aggregate will not have a material adverse effect on the Fund since it assesses member insurers for deficits.

7. SUBSEQUENT EVENTS:

On March 19, 1986 the Board elected to contract with L. Jean Dempsey, Inc. as managing secretary and GAB Business Services, Inc., Frontier Adjustors and Mosher Adjustment Co., Inc. as the claims processing facilities through March 31, 1987.
